**RE: Contract Amendment for Waxie's NCPA / Region 14 ESC Contract #02-27**

Dear Amanda,

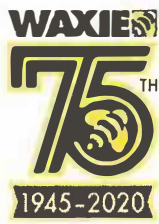

We have received your request for a contract amendment for a temporary price adjustment to your contract #02-27. Thank you for providing the documentation on Amendment Document #1 regarding the unstable pricing and rapidly changing product costs in the marketplace. Region 14 has approved this increased price for gloves. Pricing will be based on current market value on time of fulfillment, not order.

We understand this is temporary until market conditions settle or until further notice. Please keep Region 14 ESC, NCPA, and all your customers informed of any changes to market conditions and keep us apprised of changes in policy for gloves or PPE.

Sincerely,

A handwritten signature in blue ink that reads "Shane Fields".

Executive Director

## Amendment Document #1

June 5, 2020

Dear Valued WAXIE Contract Holders,

Due to these unprecedented circumstances and to critical challenges in the disposable glove market, WAXIE will be implementing an emergency price increase effective immediately on nitrile, latex, and vinyl gloves.

This situation is dynamic and will continue to be evaluated. WAXIE is, as are all distributors, at the mercy of market conditions and we will continuously monitor the market over the next several months and adjust pricing accordingly.

Customer pricing for gloves will be based on the approved contract price at the time the order is **fulfilled and delivered** to the customer. The actual pricing could be greater than when the order was placed.

Customers **will be advised of the new pricing prior to delivery and retain the right to cancel the order** should the pricing be unacceptable.

These are indeed difficult times which could not have been foreseen. WAXIE appreciates your continued partnership as we strive to navigate the global COVID-19 pandemic.

Sincerely,

A handwritten signature in blue ink, appearing to read "A. Steve Thomas", written over a white background.
